Hi Ludvig,

You've just been invited by someone from Susquehanna to take the Susquehanna Coding Assessment (General Coding Assessment).

To begin, please click the link below.

You can take the assessment at your convenience before September 26th, 12:15 pm PDT using the link below.

[TAKE THE ASSESSMENT](#)

To make the most of your prep time, download our [Cosmo mobile app](#) for quick practice on the go.

We also recommend getting familiar with the CodeSignal platform before the assessment. After you create a CodeSignal account, you will have access to a [practice experience](#) where you can:

- Sample different types of questions you will find in your assessment.
- Change the environment settings to accommodate your preferences.

CodeSignal is best experienced using the latest version of Chrome, Firefox, or Edge on a laptop or desktop device.

Please note that this assessment requires proctoring. [Visit the article here](#) to learn more about what proctoring entails.

Good luck!

- Susquehanna

Sent from Susquehanna through CodeSignal.
